Circular No.: 32 - A/2025-26/Class IX/Mathematics Standard/Basic Selection  
Date: 16/09/25

Dear Parents,

Please note that the CBSE conducts two levels of Mathematics examinations for the class X Board examination. As per CBSE guidelines, students must select the level of Mathematics they wish to appear for in the class X board examination during class IX registration. The details of this scheme are as under

- The two levels of Examination will be held in the subject of Mathematics in the Board examination for Class X but the same shall not be applicable to the internal assessment in class X.
- The nomenclature for the two Examinations will be; Mathematics-Standard for the existing level of examination, and Mathematics-Basic for the easier level of examination.
- The syllabus, class room teaching and internal assessment for both the levels of examination would remain the same; so that the students get an opportunity to study the whole range of topics throughout the year and are able to decide upon the level of Board examination depending upon their aptitude and abilities.
- The Standard level will be meant for students who wish to opt for **Mathematics** at Sr. Secondary level and the Basic level would be for students **NOT** keen to pursue **Mathematics** at higher levels.
- Students who opt Mathematics Basic will have the option of taking **Applied Mathematics** as an Elective at Class XI/Sr. Secondary though they **may be** permitted to take **Mathematics** at Sr. Secondary level.

**Kindly go through the FAQs regarding the selection of difficulty level of Mathematics overleaf.**

Kindly submit your consent for the selection of the level of Mathematics for your ward by filling the google form link shared in Circular No. 32 -B.

Regards

Zydus School for Excellence – Godhavi

## **FAQs on Two Levels of Mathematics**

### **Q.1. What is the difference between the Standard Level and Basic Level of Mathematics in class X Board examination?**

Ans: The existing Mathematics examination is the Standard Level Examination. Standard-Level and Basic-level Question papers shall be based on the same syllabus. However, the Standard-Level Mathematics assesses higher Mathematical abilities compared to Basic-Level. Accordingly, the difficulty level of the Mathematics – ‘Basic’ is less than that of Mathematics-‘Standard’.

### **Q.2. Are we increasing the burden on the child by introducing the concept of two Levels of Exams in Mathematics?**

Ans: No, because the option to pick either Level is with the student. Further, the syllabus prescribed by CBSE will remain the same for both the levels.

### **Q.3. Will this lead to dilution of Mathematics syllabus/teaching?**

Ans: No, the idea is to make the evaluation more students centric and reduce the pressure on the student who doesn't want to pursue Mathematics after class X.

### **Q.4. Can a student opt for both Standard Level and Basic Level Exams?**

Ans: No. There is only one option, either Mathematics-Standard or Mathematics-Basic.

### **Q.5. To continue Mathematics as a subject in class XI/XII and further, which Level Exam does a student need to pass?**

Ans: Mathematics-Standard is to be passed at class X, for taking up Mathematics at Sr. Secondary level.

### **Q.6. If a student qualifies only the Mathematics-Basics in class X, can he/she opt for Mathematics in class XI/XII?**

Ans: Students who opt Mathematics Basic will have the option of taking **Applied Mathematics** as an Elective at Class XI/Sr. Secondary though they **may be** permitted to take **Mathematics** at Sr. Secondary level depending on the board guidelines from time to time.

Circular No. 033 /Class XII/Validation of APAARD ID for class XII LOC  
Date: 23/9/2025

**Subject: Validation of APAAR ID for Class XII LOC Finalisation**

Dear Parents,

This is to inform you that as per CBSE guidelines, the Academic Bank of Credits (ABC) ID/APAAR ID (Automated Permanent Academic Account Registry ID) has been made mandatory for all students. The APAAR ID is generated strictly as per the details mentioned in the student's **Aadhaar card**.

The APAAR ID is a unique identification number allotted to every student under the National Education Policy (NEP) 2020. It works like a digital academic account that records, stores, and tracks the student's learning achievements, right from school to higher education.

As per CBSE instructions, the validation of APAAR ID is compulsory for the finalisation of the class XII List of Candidates (LOC) for Board Examinations. Since APAAR is Aadhaar-linked, any difference in the student's name between Aadhaar and Class X marksheet leads to a discrepancy.

Since the name in Class XII LOC must strictly match the Class X Board marksheet, parents are requested to:

1. Verify their ward's name in Aadhaar.
2. If the name in Aadhaar differs from that in the Class X marksheet, kindly initiate the correction in Aadhaar accordingly.
3. Fill and submit the attached Consent Form confirming your agreement to update Aadhaar details as per the Class X marksheet and validating the use of APAAR ID. Kindly submit the consent form **by tomorrow, 24/09/2025 (Wednesday)**, as we need to finalise the LOC at the earliest.

Your timely cooperation will help us in completing the CBSE LOC finalisation smoothly and avoid any issues in Board Examination records.

Thank you for your understanding and support.

Warm regards,

Principal
